Welcome *Citizen Councilors* to the fourth round of the COUNTYWIDE COMMUNITY FORUMS. Our new discussion topic is **Public Safety: Law & Justice**.

The COUNTYWIDE COMMUNITY FORUMS are all about values. Why are values so important for each individual as well as for organizations and society? The reason is that a value is like a fork in the road or a switch on a railroad. As an individual approaches a junction—which is a decision-making point for the individual, organization, or society—the CUMULATIVE effect of ALL the values held AT THAT POINT IN TIME determines the direction taken at any specific junction. These choices, in turn, taken sequentially over time, DETERMINE THE FUTURE and tend to be SELF-FULFILLING because the future of tomorrow is born from the values and decisions of today. “Thus the people are more the creators of their own destiny, rather than the victims of it (Eldon Byrd, Scientist).” That is, the people’s *manifest destiny* in a democracy is *CIVILIZATION BUILDING!*

The Opinionnaire® survey used in this *values education and ethics* process is designed to assist *Citizen Councilors* to share their values with each other, their elected leaders, the news media, and the public at large. *Opinionnaire®* and *Viewspaper®* reports, summarizing the tabulated opinions of all *Citizen Councilors*, will then be posted on the King County Auditor’s Office website at: <http://tinyurl.com/ccf-reports>. Newspapers get the news out to people; *Viewspaper®* reports do the reverse, getting views (opinions) back from the people in *Symbolic Dialogue*.

The DVD shown in your meeting today includes two videos: a 5-minute “orientation” video and a 30-minute “topic” video on Public Safety: Law & Justice. No attempt is made to inundate you and other *Citizen Councilors* with “all the facts”—that would be impossible. Rather the COUNTYWIDE COMMUNITY FORUMS process assumes that most people, young and old, already possess a wealth of information from many sources, e.g., television, radio, books, and computers via the Internet, and that by sharing their opinions they help clarify our *shared* values in the world of *ethics*—the world of “what ought to be.” This world, in the long run through our societal processes, becomes the world of “what is” because our future is created from the values and decisions of today.

We hope this process will help you and your fellow *Citizen Councilors* clarify and share the values you believe will move us toward a fairer, more caring, and sustainable future. **Thank you** for volunteering to serve as an official *Citizen Councilor* for King County! Please invite your friends to participate too. It’s as easy as calling 206/296-1633 or visiting <http://CommunityForums.org>.

Dick Spady

Citizen Councilor Coordinator

P.S. While citizens can enroll and participate as *Citizen Councilors* without cost and the program receives no tax support, there are direct and overhead costs. If you have a connection to a philanthropy or grant source, please let me know. If you can afford it, please fill out and return the donation envelope attached to your Opinionnaire® survey, or donate online at our secure county website at: <http://tinyurl.com/ccf-donate>.
